NU MOVES DANCE STUDIOS

IDTA Rosettes Guide

For students and parents

Who are the Rosettes For?

IDTA Theatre Rosettes are a fun and positive introduction to dance examinations for our younger dancers.

They give children the opportunity to celebrate what they have been learning in class, build confidence and experience the excitement of achieving their own award.

Rosette examinations are designed especially for young dancers:

- They are short and age-appropriate
- Dancers take part in small groups
- Their teacher can be in the room to guide and support them
- The experience feels familiar and similar to their usual class

Our aim is for every child's first experience of exams to feel happy, encouraging and something they can be proud of.

Theatre Rosettes are available for children aged 3–8.

NU MOVES DANCE STUDIOS

Rosette work is taught as part of our younger dancers' regular classes, allowing children to develop their skills naturally in a familiar and supportive environment.

When a teacher feels a dancer is ready, they may be invited to take part in a Rosette examination.

Each Rosette celebrates an individual achievement and gives our dancers something exciting to work towards.

After their examination, dancers receive a colourful IDTA Rosette and certificate to recognise their progress.

There are different Rosettes to collect across a range of dance styles and levels, which can be proudly displayed on an IDTA bannerette.

Every Rosette is another little milestone to celebrate!

Rosettes Available

There are lots of Rosettes for our young dancers to work towards and collect as they progress.

At Nu Moves, Rosettes provide an enjoyable pathway through our younger classes and help prepare dancers for future examinations when they are ready.

Rosette examinations are not compulsory. Every child develops at their own pace and our teachers will recommend opportunities that are appropriate for each individual dancer.

Rosettes are available across a variety of dance styles, with different colours representing different achievements and levels.
