

NU MOVES UNIFORM

THE IMPORTANCE OF UNIFORM

Wearing the correct uniform to class is very important for many different reasons. It brings unity between all members of the school. It also ensures that the dance teachers can properly see the dancer's body and alignment, making it easier to give corrections, which provides the safest training to the dancers.

We have detailed information for uniform; however, if any child feels that the set uniform does not represent them, we are happy to discuss this and come up with an option for them.
